Ultra One™ has out cleaned the best USA nationally known brand cleaners on the market in an independent lab testing conducted by the famous WD-40 Company.

Heavy Duty Degreaser

Extra powerful commercial strength. Dissolves and cleans the heaviest grease, oil and grimey surfaces on contact in all commercial fields. User friendly for all contact surfaces including the users. The product is highly dilutable.

G-5 Degreaser

A unique gel-type cleaner, degreaser that is excellent for vertical surfaces, ceilings, walls or anywhere where extended contact time is required to dissolve and clean the surface. Maintains longer wetting action on all dirty surfaces. Ready to use product.

Both products above are available in 5 and 20 litre containers or larger quantities by request.

Instructions

Rinse surface to remove loose soil before cleaning. The Ultra One™ Heavy Duty Degreaser may be used full strength or diluted with water depending on the specific application. Less product may be necessary if factors such as increased temperature or agitation are used. For best results rinse the item with water first to remove soil and any residual product from the area to be cleaned.

Suggested Dilutions

Difficult cleaning	F/S to 1:1
Average cleaning	1:10 to 1:20
Light cleaning	1:20 to 1:30

Basic Properties

Appearance	Clear water
Odour	Mild surfactant
